

Circles in the Classroom

Book a Circle Lesson:

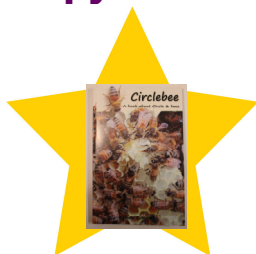

*Host a workshop in your classroom-allow for an uninterrupted time slot in the morning or afternoon (~2 hrs). Teacher participation is encouraged!

*Book your event (a minimum of) 2 weeks in advance. Include: name/location of school, grade level, # of students, preferred & alternative date/time, current area(s) of study (incorporated into workshop design), and other relevant information.

Workshop Cost: \$75

[Transportation fees may apply]

Teacher's copy of *Circlebee* included!

“Introduction to Circle” ~2 hour in-class interactive learning opportunities for **students K-12** to discover **Circle’s universal processes, skills and values** – while learning about **bees & beekeeping** – and engaging in **story-telling about meaningful nature experiences.**

Learning Circles are useful for:

enhancing respectful communication, contribution, collaboration, personal development & self-discovery, and a sense of community with others and the natural world. *(And that’s just the tip of the iceberg!)*
